COURT OPERATIONS UNDER THE EXIGENT *
CIRCUMSTANCES CREATED BY COVID-19 *

MISC. NO. 00-308

STANDING ORDER 2020-20

In March, 2020, in response to the emerging COVID-19 pandemic, the Court substantially reduced its operations in order to protect the health and safety of court staff, court users, and the public. As local virus data improved, the Court gradually proceeded on its phased recovery plan and slowly increased its level of on-site operations, including conducting some jury trials and a limited number of other necessary in-person proceedings. On September 28, 2020, the Court entered Phase 3 of its recovery plan and, effective October 19, 2020, reopened the front counters of the Clerk's Office to the public.

Along with planning a phased recovery to normal operations, the Court has also considered what triggering criteria should prompt a return to reduced operations. In consultation with local public health experts, the Court has identified certain factors that may justify such action: (1) whether and by how much the 7-day test positivity rates for the State of Maryland and local jurisdictions surrounding each courthouse have exceeded 5.0%; (2) whether the relevant test positivity trend lines are significantly rising; (3) whether the State of Maryland and local jurisdictions surrounding each Courthouse have imposed new restrictions on travel or the operation of local business and institutions; and (4) other virus metrics including hospitalizations, 7-day average new cases, and 7-day average new deaths.

In recent days, these triggering criteria have been met. The 7-day test positivity rate for the State of Maryland exceeds 5.0%, as do the test positivity rates for Baltimore City, Baltimore County, Prince George's County, Anne Arundel County, and other jurisdictions in the State.

Moreover, these rates appear to have significant upward trajectories. Additionally, the Governor of the State of Maryland has imposed new restrictions on the operations of businesses in the State in response to rising virus metrics, as has the Mayor of the City of Baltimore. These actions also follow a significant increase in the number of patients currently hospitalized with COVID-19, along with a rapid rise in the average number of new cases reported. Accordingly, the Court now finds that it is appropriate to significantly reduce in-court operations, effective November 16, 2020. It is

ORDERED that, effective November 16, 2020, all in-court hearings and proceedings in the District of Maryland are SUSPENDED. Chambers will contact parties and counsel regarding any scheduled in-court proceedings. Some of these proceedings will be transferred to virtual formats and all others will be postponed; and it is further

Members of the public will retain access to drop boxes at the entrance of each Courthouse to deposit and date-stamp papers between 9:00 a.m. and 4:00 p.m., Monday through Friday.
